OADIT

OJONG & ATHE DISTRIBUTION & TRADING CO. LTD.

COMPANY PROFILE

Connecting African producers with buyers worldwide.

COMPANY OVERVIEW

Helping producers find buyers, and buyers find producers.

Across Africa, many farmers and cooperatives produce excellent goods but lack market exposure and contacts abroad, so their products rarely reach international buyers.

OADIT works with these local farmers and cooperatives and looks for buyers on their behalf — verifying the parties involved and coordinating the practical details so that deals can proceed with confidence.

We adapt our support to each product and buyer, from a single shipment to a recurring supply arrangement.

Who we serve

Local farmers and cooperatives seeking buyers, and international buyers seeking African-origin products.

How we work

Due diligence, consulting and brokerage with clear communication from first enquiry to delivery.

Positioning described in this profile is provisional and subject to confirmation by OADIT.

MISSION & VISION

The principles behind how we work.

Our mission

To give local farmers and cooperatives fair access to international markets by finding buyers for their products and supporting each deal with due diligence, advice and clear communication.

Our vision

To be regarded as a trusted bridge between African producers and global buyers — known for honest dealing, careful verification and long-term relationships.

Core values

Transparency

We explain what is known, assumed and still to be confirmed.

Integrity

Honest communication with buyers and suppliers.

Precision

Clear specifications and documented agreements.

Reliability

We follow through and keep you informed.

Resourcefulness

Practical routes for unusual requirements.

Partnership

Relationships that serve both sides over time.

PRODUCTS & CATEGORIES

Sourcing options across key categories.

Products represented for international buyers. Not sold online; availability is confirmed per enquiry.

01 **Agricultural Commodities**

Cocoa, coffee, oil seeds, grains, peppers, oils, nuts, spices, honey and more from local farmers and cooperatives.

02 **Beverages**

Mineral water, carbonated and non-carbonated soft drinks, and energy drinks.

03 **Metals**

Aluminium, gold, copper and iron products from local producers.

04 **Ores & Minerals**

Copper ore and concentrate, mica, bauxite and vanadium.

05 **Precious Metals & Gemstones**

Rough and uncut diamonds and gemstones for qualified buyers.

06 **Scrap Metals**

Aluminium alloy wheels, HMS, UBC and railway scrap.

07 **Animal Feed Ingredients**

SERVICES

Three services that connect producers and buyers.

Due Diligence

Verifying producers, cooperatives and products before an introduction is made.

Consulting

Practical advice for producers preparing to sell abroad and for buyers sourcing from African origins.

Brokerage

Finding and introducing buyers on behalf of farmers and cooperatives, and supporting the deal through to delivery.

Service descriptions are proposals for discussion. We do not guarantee that a buyer will be found, prices, delivery times or customs outcomes.

BUSINESS APPROACH

A structured, producer-and-buyer-first way of working.

1 **Listen first**

We start with what the producer offers or what the buyer needs: product, volume, season and market.

2 **Verify**

We carry out due diligence on the producer, product and documentation before introductions.

3 **Match and broker**

We introduce suitable parties and coordinate the practical details with logistics partners.

4 **Review and improve**

After delivery we review what worked and how to make the next shipment smoother.

RESPONSIBLE SOURCING & COMPLIANCE

Transparency over promises.

Responsible sourcing depends on accurate information, clear responsibilities and respect for the rules that apply to each product and market.

- **Responsible business practices** — respect for people, communities and the environment.
- **Producer due diligence** — reviewing available evidence of identity, capability, quality and documents.
- **Documentation and traceability** — accurate, consistent records from origin to destination.
- **Product conformity** — raising standards and marking questions early.
- **Import and export requirements** — confirmed with qualified professionals for each product and country.
- **Ethical conduct** — fair dealing and respect for applicable trade, anti-bribery and sanctions laws.

Certifications and Documentation

Relevant company documents, registrations and certifications can be supplied once confirmed.

General information only; not legal or regulatory advice. Actual requirements depend on products, jurisdictions and counterparties.
